Soil and Water Stewardship Week - 2014

Whereas, fertile soil and clean water provide us with our daily sustenance, and;

Whereas, effective conservation practices have helped provide us a rich standard of living, and;

Whereas, our security depends upon healthy soil and clean water, and;

Whereas, stewardship calls for each person to help conserve these precious resources, to ensure that future generations of Adams County residents will be able to enjoy the same fertile lands and clean water supply that we currently have, and;

Therefore be it resolved, the Board of Commissioners commends the efforts of the Adams County Soil and Water Conservation Office and hereby designates April 27 – May 4 as Soil and Water Stewardship Week in Adams County.

In Witness Whereof, we have hereunto set our hand on this 21st Day of April, in the year of our Lord, two-thousand fourteen.
